

## **HUSH**

Hush little baby don't you cry  
Your momma loves you more than life  
Know that you will never be alone  
And even when you're far away,  
I love you more than words can say and I  
Count the days until you come back home

Hush little baby I'll hold you tight  
A Momma's love can make it right  
Easy silence or a gentle word  
I love you to the moon and stars  
I'll be your beacon in the dark  
Wishes told or dreams remained unheard

Even though you've grown into  
The finest woman I ever knew  
You'll always be my little girl to me

Bring your mistakes and your success  
Can't love you more won't love you less  
And I count the days until you come back home

Hush little baby don't you cry  
Your momma loves you more than life  
Know that you will never be alone  
Hush little baby I'll be fine  
Go live your life, cause I've lived mine  
But I'll count the days until you come back home
