

## **ON MY WAY**

I'm not blind I see the writing on the wall  
I just can't believe it  
I don't know if the goal was just to waste our time  
I think we achieved it  
Water's deep and talk is cheap  
So let's just let it go and not wait another day  
No need to intercede  
A cab's out back my bags are packed  
And I am on my way

I don't know if I should laugh or I should cry  
Can't wrap my mind around it  
Give me a minute I think my heart is on standby  
I stopped my world and bound it  
Take the break make the same mistake  
Not learning fast but now I grasp  
Some wild must not be tamed  
Price is high that ain't no lie  
But I'm not just riding out the storm  
I'm dancing in the rain

What to do with all this newfound freedom without you  
An empty road before me  
Like setting sails on uncharted waters  
My ship is rockin' on this sea  
You can't go back the mirror's cracked  
It kaleidoscopes my smile leaves the clouds in disarray  
The crystal ball's no help at all,  
For now it's just a question mark  
But I am not afraid
