

Upside Down

I'm not the one that will sit like a trophy on your shelf
And I'm not the one, give up everything and everyone else
Just to be with you, just to be like you
Be like you would want me to be with you
Ooh, turned my whole world upside down
Could I let myself just slip away

I spent the first twenty years of my life
trying to figure out who I am
And you came along and want to brush that away
like words written in the sand
To blame me, to tame me
To make me want to change me
Ooh, turned my whole world upside down
And I let myself just slip away

But my mama told me love's a two way street
Didn't your mama tell you in the middle to meet?

I don't want to look back 20 years from now
and wonder why I took that road
So let's call it quits, call it off, call it an episode
Of my life, of your life, what could have been and should have been our life
Ooh, turned my whole world upside down
And I let myself just slip away

My mama told me love goes both ways
Didn't your mama tell you love's give and take
But my mama told me love's a two way street
Didn't your mama tell you in the middle to meet?
